DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. **Claims 1-7** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding independent claim 1, lines 10 and 11, the phrase "such that" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

3. **Claims 8-14** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding independent claim 8, line 13 recites "the TDH-39 standard". As interrupted by the examiner, it is unclear as to whether the applicant is claiming "the TDH standard" or not, as part of the invention.

Allowable Subject Matter

4. **Claims 15-23** allowed.

The following is an examiner's statement of reasons for allowance: see applicant's response.

Regarding **claim 15**, the prior art of record is drawn to an earphone device comprising a housing, a receiver, and a flexible eartip. However, the prior art of record fails to specifically disclose or fairly suggest a tube nipple being located external the housing and being coupled to the flexible eartip with an acoustic damper positioned at the first end of the tube nipple thereof, as of the claimed invention.

Regarding **claim 22**, the prior art of record is drawn to an earphone device comprising a housing, a receiver, and a flexible eartip and a tube. However, the prior art of record fails to specifically disclose or fairly suggest a flexible tube and further comprising a rigid tube nipple being located external the housing and being coupled to the flexible tube and eartip with a flexible channel, thereof, as of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Response to Arguments

The arguments present by the applicant in regards to claims 1-14 have been considered. However, a new rejection has been provided based on the amended claim limitations.
